Contact: **Denise Pawlak**

### Questions and Answers for Clarification

**The State has determined that it is in their best interest, and those of offerors, to provide all bidders questions and answers to any questions posed pre- and post-conference.**

**Question:** Written Evaluation Requirements: Page 6, Section 3.4: (Note-special consideration will be given to applicants serving a wider population) Please define wider population.

**Answer:** The population to be served is WIC participants within geographical areas such as a county. However, the bidder may choose to serve both their county and additional outlying areas such as Yavapai and Mohave County thereby providing services to two WIC local agencies and participants.

This means an administrative savings because WIC participants in two different WIC local agencies receive peer counseling services from the single source.

Vendor hereby acknowledges receipt and understanding of above amendment
